- **CMS:** Wordpress | Wix (beginner)

#### Soft Skills

- Problem Solving, Communication, Teamwork, Adaptability, Time Management, Attention to Detail

### EXPERIENCE

#### FRONTEND DEVELOPER | TECHYPARK TECHNOLOGIES | DHAKA, BANGLADESH | 01/2023 – 02/2025

- Designed and developed responsive websites using HTML, CSS, JavaScript, and WordPress, improving client website engagement by 30%.
- Customized WordPress themes and plugins, delivering modern, user-friendly UI/UX that increased client satisfaction and repeat projects by 25%.

### PROJECTS

#### 1. FITTRACKER - ( Fitness Booking Platform ) [Live Link](#) | [Github Repo](#)

**Technologies:** React, Node.js, Express, MongoDB, Tailwind CSS, Framer Motion, Stripe, Firebase Auth

- Engineered a role-based fitness platform with secure authentication and dynamic dashboards.
- Implemented a trainer booking system with slot management, membership packages, and Stripe payment integration, improving booking efficiency by 35%.
- Designed responsive UI/UX featuring classes, reviews, forums, and newsletter subscription to boost user engagement.

#### 2. CascadeBlog – ( Full-Stack Blog Platform ) [Live Link](#) | [Github Repo](#)

**Technologies:** React.js, Node.js, Express.js, MongoDB, Firebase, JWT, Framer Motion, TanStack Table, React Router

- Engineered a MERN + Firebase blog platform with secure authentication and protected routes.
- Implemented blog CRUD operations, category-based search, wishlist system, and featured blogs ranking with a sortable data table, improving content discoverability by 50%.
- Developed a responsive, animated UI and an intuitive dashboard using Framer Motion to enhance user engagement and streamline content management.

#### 3. LeafLog – ( Plant Care Tracker ) [Live Link](#) | [Github Repo](#)

**Technologies:** React.js, Node.js, Express.js, MongoDB, Firebase Auth, React Router, Lottie React, Date-fns

- Built a secure and responsive plant care tracker with authentication, allowing users to add, update, and manage plants with attributes like watering schedule, care level, and health status.
- Implemented smart tracking features including personalized dashboards, sorting by next watering date/care level, and dark/light mode toggle for an enhanced user experience.
